

## Twist Stir: Now Individually Wrapped

Twist Stir, a flavored stirrer without calories, fats, sugars, artificial sweeteners, propylene glycol or carbohydrates, recently introduced a single flavor stirrer.

Twist Stir's gourmet wooden stirrers add flavor to anything from alcoholic drinks, teas, soda and coffee to oatmeal and milk by simply stirring.

Twist Stir is currently packaged in single servings of raspberry, vanilla and cinnamon, which can be customized to include corporate logos. In addition, Twist Stir offers cinnamon, hazelnut, vanilla, mocha, orange, lemon and raspberry in larger sized containers.
